

# Case Study

Flood Protection: **UPVC Doors & Windows**

Client: **Strut Hairdressing, Great Wyrley**

15

**Maintaining business continuity is fundamental in the success of any operation so when flooding occurs, regardless of the reason, having adequate flood protection and resilience is at the top of the list in maintaining operations.**

The solution:

Ageing wooden windows and a tired rear door were replaced with a flood proof front façade with antiflood door in black external and white internal, whilst the rear door and screen were replaced with a new white UPVC Flood Defender door and panel screen with Georgian wire panel and top lights.

**Works completed November 2021.**

**PASSIVE  
SOLUTION**
